

Time & Attendance Tracking

Effective and easily managed time and attendance system for your organization.

Do you find it a chore having to constantly track employee's attendance and their reporting time for work? For employees currently using punch cards, do you find a hassle having to manually key in data for payroll processing? Solve your problems with the time and attendance tracker.

The Time and Attendance Tracking system streamlines communication between the HR and employees and facilitates efficient management of employee attendance. The system ensures that employees attendance are properly managed and monitored for payroll processing – without the hassle of having to go through the information by Finance or Operation admin staff.

Why customers use Time & Attendance Tracking?

- Reduce paperwork – going green.
- Easy administration at a glance.
- Ideal for services personnel that need to be stationed out of office
- Good for managing outsourced staff at customer sites

Organization distributed by Many Groups or Locations

- Shorten the processing time of attendance tracking for employees in different groups, locations, countries outside of Head Quarter Office

All changes are directly updated and reflected on the application

Audit Logs for Compliance & Accountability

- All your changes made for time and attendance tracking are logged and recorded
- Periodical changes and utilization can be analyzed out of historical log records

Additional Metadata for Users can be stored

No Compromise on Work Efficiency

- Time and Attendance management can be done without the hassle and delay of administrative staff.
- Accessible anytime, anywhere.

Protected from hassle and saves the Earth

App is in use for customers more than 2 years without any impact or support even when Microsoft Office 365 has been constantly changing and adding features.
